Re: Lane County School District No. 4J  
KMKR(FM), Canyonville, Oregon  
Facility Identification Number: 59346  
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed July 28, 2010, on behalf of Lane County School District No. 4J ("LCS"). LCS requests extension of the special temporary authority ("STA") granted on May 3, 2010, to operate Station KMKR with reduced power.<sup>1</sup> In support of the request, LCS states that it continues its effort to resolve reradiation problems. LCS states that its consulting engineer has recommended relocating the antenna on the licensed tower, and that it is in the process of seeking the necessary local approvals.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has been prevented from restoring licensed operation due to causes beyond its control and has taken all possible steps to expeditiously resolve the problem. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station KMKR may

continue to operate with reduced power. LCS must notify the Commission when licensed operation is restored. LCS must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **February 24, 2011**.
